

AERARI

BRING YOUR SOIL BACK TO LIFE!

Aerari is a natural biological liquid aeration product that helps build healthier roots by stimulating microbial activity. While containing our proprietary soil penetrant technology, Aerari also contains Carbon, Humic Acid and Enzymes that all work together to help soil tilth.

- Excellent for Florida turfgrass greens, tees and fairways
- Jumpstarts newly sodded turf and newly planted ornamentals
- Helps keep sandy soils from becoming hydrophobic

Untreated

Treated
