

INVIGOROOT

UNLOCK NUTRIENTS IN YOUR SOIL!

InviGoRoot is our dry formula blend of biology that enhances soil and plant health. This dry formula contains dehydrated biology and a food source for that biology to help unlock nutrients in the soil by attaching and living on roots.

- Use less high-salt granular fertilizer
- Beneficial fungi helps to fight off disease and keeps turf and ornamentals healthier
- Great for Florida turfgrass greens, tees and fairways

BROWN PATCH ACTIVITY IN GREENS
